Citizens' League Hits Teen Dances

More than 30 residents of the Kenwood-Bancroft area of Spring Valley formed the Spring Valley Citizens' League Tuesday night and called on the rest of their neighbors to take part in bringing "well being and protection to the community."

Elected president at the meeting at Friends Community Church was Roland Gilmer, a civil service emplove of 9001 Koonce Dr. Earl Roland, operator of a refrigeration firm was elected vice president. Mrs. Lee Cannady was elected secretary; Mrs. Lee Green, treasurer.

Major subject of the meeting, following election of officers, was the problems said to be induced by weekly teen-age dances at the property owned and operated by the Spring Valley Chamber of Commerce.

Charge Property Damaged

Members of the League reiterated an earlier complaint that teen-age dances held at the S. V. Chamber of Commerce Hall, 9050 Memory Ln., had produced extensive property damage by roving bands of teen-agers who were attracted to dances. Vandalism, drinking, noise, drag racing, and obscenities, they said, were commonplace.

The League called a public meeting for Tuesday at 7:30 p.m. at the Friends Community Church, Bancroft and Kenwood. To be discussed is a resolution to be presented the County Board of Supervisors indicating the League's displeasure with the dances at the chamber property.

May Go to County

If the resolution is passed, President Gilmer said, the Supervisors will be asked to put down the nuisance. Gilmer also said that he would ask a committee to develop documentary evidence that law-breaking exists because of the dances. The evidence will be presented to the sheriff's office, the district attorney, and the grand jury.

"The League is not being brought into existence to stop dances," Gilmer said. "We hope to bring peace and quiet to the areas. We hope to make this an area in which people can live in dignity and safety. Law and order is one of the first requisites. We do not have law and order during the nights of teen-age dances," he said.

State Fair Opens With Bang; To Run Thru September 12

SACRAMENTO, Calif.—Starting from the moment Governor Brown brought down his gavel to officially open the 1965 California State Fair yesterday, started 12 full days of fun, excitement and thrills.

Daily horse races, nightly rodeos, auto thrills and fireworks in the grandstand and thrill rides on the Midway—these are only a part of the hundreds of things to see and do at this year's Fair.

Exhibits Prove Popular

Traditionally, No. 1 in popularity are the exhibits in the Counties' Building. This year some 50 counties are represented by exhibits ranging from simple yet tasteful displays to productions of such complexity that electric computers are used to coordinate their movements.

Just down the streets are the Floriculture exhibits in the Hall of Flowers.

Almost directly across the street is the Art Building where the painting, ceremics and sculpture of living, native Californians are exhibited.

In the Commercial Building and the Merchandise Mart, the two buildings on either side of the main entrance mall, the Fairgoer can spend hours visiting the hundreds of commercial exhibits and the Poultry Industry Exhibit.

Many Attractions

The Woman's Exposition Hall also contains commercial exhibits plus international exhibits, and its walls are bulging with dozens of major attractions.

There is the new "Wine Cellar," the public wine tasting room; the Consumer Reaction Counsel, where foods are free to sample; the Home Economics area, with its display of prize-winning entries; the racing boat "Tahoe Miss;" and a scale model of Hoover Dam.

Also in Woman's Exposition Hall is the annual antique show. Fairgoers can view the items in the collection and are given the chance to purchase them.

This year the Gem and Mineral Show, which is next to the Midway by the new "Skyglider" ride, has an added feature. The entire series of photos taken by Mariner-IV of the Planet Mars, and presented to the Fair by Dr. William H. Pickering of Jet Propulsion Laboratory, were specially processed, enlarged and are on display here.

The Gourmet Gardens, with picnic tables and benches, is completely surrounded by almost every type of food concession imaginable. Or, if preferred, any of the several restaurants on the grounds provide something a little more formal.

Racing and Rodeos

The Sport of Kings is well represented at the Fair with ten full days of racing. Purses of more than $250,000 guarantees that the best horses and jockeys in the country are entered.

Twelve heats have been scheduled daily: eight thoroughbred races, two harness races, and two quarter-horse races. Post time is 1 p.m.

For the rodeo buffs, this year's fair offers the largest and longest rodeo event ever sanctioned by the Rodeo Cowboys' Association.

Back for its 13th straight year is the crowd-pleasing auto thrill show, the "Tournament of Thrills." The show has been scheduled in the grandstand on four separate occasions.

Teen-Age Fair

More than 10,000 teen-agers daily are expected to attend their own Teen-Age Fair. At least 65 local surf bands are playing in competition with each other, and more than 50 folk singers and groups perform in the daily hootenanny contest.

There is dancing and dance contests, free entertainment and the crowning of Miss Teen-Age Fair. Admission to the area is 75 cents.

Free entertainment is offered other Fairgoers too. Stages 1, 2, and 3 are busy with band concerts, variety and magic shows, dancing and baton twirling exhibition, karate demonstrations and fashion shows.

In addition, there is the DeMolay talent show, nightly retreat ceremonies, clowns and a marionette show, and a senior citizens talent show. Nightly fireworks are visible from all points on the Fairgrounds.

And, of course, no visit to the State Fair is complete until the livestock exhibits have been taken in. Altogether, some 5,038 animals were entered of which 3,358 were in the Junior Division and 1,680 in the Open Division.

A Mile of Fun

To some, the Midway with its "Carny" rides, fun houses and concessions is the real heart of the fair. They won't be disappointed, for this year's Midway is the largest ever assembled on the West Coast at any one time.

Aside from the 30 major rides and a kiddie-land, there is a "Wall of Death" motordome show, scary dark rides, a new 80-foot fun house, and a house of mirrors and glass maze. Dozens of tented concessions to test your skill round out the area's entertainment.

Deputy C. Smith Resigns; Rigley Fired By O'Connor

SAN DIEGO (CNA)—A probation hearing has been set for Monday for three of four defendants, two of them veteran sheriff's deputies, who pleaded guilty to felony charges of conspiring to make pornographic motion pictures.

The three are Sgt. Williard A. Rigley, 50, of 367 L St., Chula Vista, 23-year veteran of the sheriff's department; Detective Claude L. Smith, 37, of 7180 Mt. Vernon St., Lemon Grove, a 13-year deputy; and John P. Cortois, 42, of 6001 Howell Dr., La Mesa, a general contractor.

A fourth defendant, Donald Collard, 31, of P.O. Box 274, operator of the Shady Rock Ranch, Alpine, is scheduled for preliminary hearing Sept. 2. Collard also faces charges of cultivating and possessing marijuana in El Cajon Municipal Court Sept. 7.

The four were arrested as a result of an investigation by the sheriff's department, the district attorney's office, the Federal Bureau of Investigation and the San Diego police department.

Sheriff Joe O'Connor fired Rigley Tuesday. He also accepted Smith's resignation the same day. Smith's resignation was handed in last week.

The deadline for requesting a Civil Service hearing on his suspension has passed and Rigley has not requested a hearing. Currently, he is under suspension. If the suspension is amended to a dismissal, the sheriff will formally notify him and Rigley will have five days in which to request a Civil Service hearing.

Reports "Pestering"

Edward B. Long, 72, of 226 Lakeview Ave., reported to deputies that a dead jackrabbit was thrown against his front door. He said incidents of this kind have been going on for nearly a year. Fish, crabs, rabbits and other dead creatures have been thrown against the door and holes have been dug in his yard. He told officers he learned that children in the neighborhood have a club with the main purpose of pestering him.

"SCHOOL DAY" NEARS—Workmen rush to completion a multipurpose room being built at Lemon Grove Junior High School as the start of school approaches. The work is the final touch of a $185,000 building program this year in the district and it completes the district's master plan. More than 3,900 students will face 135 teachers when the starting gong sounds Sept. 13. Meanwhile, registration of pupils is being carried on at all schools with the administration's admonition that "the sooner Susie is registered, the better."

Grossmont JC Earmarks $40,000 For Surprise Jump In Enrollment

A total of $40,000 was made available at Grossmont College Monday evening to enable the administration to hire teachers and meet other expenses for 250 more unexpected students this fall.

The board of directors of Grossmont Junior College District, at a special meeting under the chairmanship of Rex Hall, approved the administration request for $20,000 from undistributed reserves. An equal sum from the teaching salary reserve was added to it to make up the $40,000.

College President Jack Hansen told the board that 40 additional classes would have to be added to serve the unexpected enrollment of 3,100 students. Only 2,850 students had been anticipated.

The rapid growth of enrollment at "our" local college, and the need for additional classes and teachers for the impending opening of the fall term focused attention once again upon the October bond election.

Bond Issue Eyed

On Oct. 19, voters of the district will vote on a bond issue of $3.5-million to complete the master plan of the college and to increase its capacity to 4,000 day students. It was constructed originally for 2,500.

Already bulging at the seams, the college has been holding a full schedule of day and night classes. Normally the day-class program runs from 8 to 4. The evening classes normally start at 7 and continue to 10.

Under current programming, however, with limited facilities, a number of classes are held during the customary "break" between 4 and 7 p.m..

The money made available Monday night will be used to add two full-time instructors to the staff, and an indeterminate number of part-time instructors. The two full-time staff members will handle 11 new classes; and 29 other classes will be handled by part-time instructors, Hansen said.

New Instructors Named

The new instructors are Richard Manzella in speech and George Peranteau in English. Manzella is currently serving as speech therapist in the Spring Valley-La Mesa School District. He has taught part-time at the college for the past two years. He holds a bachelor's and a master's degree from San Diego State College.

Peranteau has been completing work for his doctorate at UCLA and has taught at Los Angeles City College in Santa Monica. His bachelor's and master's degrees are from the University of Chicago.

Paving Bid Let

In other action the board awarded the bid for the paving of parking space for 2,750 cars to the low bidder, Ferry Bros. of Santee, who bid $97,947 on the job.

The board also adopted a resolution making the body eligible to hypothecate a loan by the Associated Students from the Bank of America to finance the paving job. The student body will pay off the loan from charges of $5 per student per semester for parking privileges.

All teachers and counselors of freshmen students will be on duty to welcome the new high school students into the 1965-66 school year.

Italian Girl Phycisist Is S.V. Rotary Speaker

A talk comparing the customs of Italy and America by Miss Paula Tonnelli will highlight Friday's luncheon meeting of the Spring Valley Rotary Club. Miss Tonnelli is a graduate of Parma University and is studying for her doctorate in physics there.

On her visit here she is the guest of Mrs. Maxine Welch of La Mesa. In 1951 she studied in Massachusetts as an exchange student in the American Field Service program. A question-and-answer period will follow her talk.

Youth Facility Planning OK'd

SAN DIEGO (CNA)—County Planning Commissioners Friday approved as a special use permit for the Boys and Girls Aid Society of San Diego, Inc., in the Jamacha Zoning District for a facility to house a maximum of 120 boys and girls.

The location of the 27 acre site at Steele Canyon Road and Jamul Drive south of Cottonwood Golf Course.

The society is a private organization that cares for children from 13 to 17 years old. It will move from its present location in San Diego when the eastern facility is complete.

W. J. Stanley, society president, told the commission that about 80 per cent of the children are referrals from the County Probation Department. The county pays for the room and board of these children.

The plot plan shows three cottages for boys and two for girls, an administration center, gym, swimming pool, volley ball courts, and recreation area. Future plans include five more cottages, tennis courts, football field and a barn.

Mrs. Jean Immenschuh, 3261 Ivanhoe Ranch Rd., objected to the permit. She said that the use would be incompatible to the agricultural zoning in the area.

S.V. Chamber Unit Lists Ways To Scuttle Property

By RAY WISSLER

The Spring Valley Chamber of Commerce did not hold a meeting Monday evening, as scheduled, but sparks flew nevertheless at the gathering that was not a meeting.

Only ten members and a single officer of the organization showed up for the 8 p.m. general membership meeting at the chamber's hall at 9050 Memory Ln. This was less than a quorum. The meeting could not be convened; no action could be taken.

Chamber members were outnumbered by residents of homes surrounding the chamber property, who came to protest teen-age behavior at the regular Wednesday and Sunday night dances held in the C of C Hall.

Mrs. Betty Seymour Robinson, one of the founders of the S. V. Chamber some 30 years ago, suggested that those chamber directors and the officer present do the visiting delegation the courtesy of holding a discussion, even though no action could be taken.

The citizens told of having teen-agers — particularly from outside the Spring Valley area—tramping through their yards and climbing and damaging their fences in attempts to "crash" the dances. Several cited obscenities shouted at them by teen-agers when asked to leave their property.

Pleads for Dances

Dick Allen, past C of C president and chairman of a committee formed the previous week, spoke. His committee was to work out recommendations to separate the chamber from

Go-Go Dancers Just Plain Moms

A couple of weeks ago when the County Board of Supervisors asked county counsel to prepare a tougher ordinance on go-go girl dancing, the go-go girls appeared to be on the way out. Now it appears this burgeoning industry has just begun to grow.

The growth is coming because of county counsel's Monday ruling that the state has adopted legislation for the regulation of lewd and indecent sexual conduct. Local government, it opined, cannot legislate in a field where the state has taken over control.

As silly as it sounds, the opinion says that the county board of supervisors cannot toughen up the laws on criminal sexual or indecent sexual activity because the state has already gotten a monopoly on this apparently popular activity. Go-go girls, if ruled illegal or immoral, would fall within this legislation.

For the uninitiate, a go-go girl is a "bump" or "grind" dancer. She sometimes wears scanty clothing but mostly wears nothing at all above the waist.

Well, not "nothing". The law states that the female breast shall not be displayed in public completely unadorned—so the girls use two little decorations, usually gem sparkled, about the size of thimbles. Thereby the letter of the law is observed and the patron's vision is unobscured.

These girls earn up to $40 an evening for dancing and about $10 for a noon-time exhibition of the art. A smart young man who lives in Spring Valley seems to control the talent distribution.

He has a "stable" of approximately 30 go-go dancers and all of them are proficient at the Watusi, Frug. Swim, Dog and other dances.

The "performance" is pretty standard. Usually a juke box is loaded with records having a heavy beat. The "dancer" writhes and grinds to the beat. The record lasts three minutes. The "dance" lasts three minutes. The dancer is usually moist with sweat when the dance ends. That proves dancing is tough work.

Our interest was piqued because there are three go-go emporiums here. Two are in Lemon Grove and one is in Spring Valley.

One of the go-go girls lives in Lemon Grove on Lincoln St. Her name is Paula Malloy (Her last name is changed slightly here to avoid identification).

Paula, a fullsome, attractive blond, was noon-dancing the go-go at Michael's in Lemon Grove. She was one of two dancers on the program. There were more than 50 people eating lunch and watching. Some of the diners were women. They appeared to enjoy the dances as much as the men.

Paula, who said she is 22 years old, enjoys her art thoroughly. "I have been dancing since I was seven," she said. "I love it."

"Some people think go-go dancers are immoral because we

Kempton Kids Reshuffled After Squawk By Parents

The La Mesa-Spring Valley School Dist. Board of Trustees agreed Monday night to permit 36 pupils, whose parents had complained about transfers, to attend Kempton School in Spring Valley.

These, and other youngsters, had been scheduled to attend the La Presa School, a new facility scheduled to open Dec. 18. Until then, they would have been housed at various schools in the district.

At a meeting a week before, more than 25 parents converged on the board meeting and complained of the transfers. One of the factors was the planned teaching of Amidon, a system of teaching based on the "Three Rs." Amidon will be taught as a pilot program at Kempton this year.

Three parents Monday night, argued for leaving their children at Kempton, because of the nearness of the school to their homes and because they want to take advantage of Amidon. They were John T. Donahue Jr. of San Carlos St.; Mrs. J. C. Poole of Felicita St.; and Mrs. Pauline Hardy of Ruxton Ave. All said they had signed petitions backing their requests.

President of the board, Dr. Cyril Padfield, said that new schools are established to ease the overload on other nearby schools. He warned that lack of space could be the cause of double sessions.

Several plans had been considered to house the student overload. These were: 1.) rent homes in the vicinity of Kempton Schol to accomodate several pupils south of Jamacha Blvd.; 2.) subdivide the multi-purpose room at Kempton; 3.) move in portable classrooms to Kempton to accomodate the overload; 4.) designate one Kempton kindergarten for attendance at Rancho and Avondale Schools; 5.) arrange for pupil exchange between Kempton and La Presa; 6.) establish a priority attendance list for the La Presa Elementary pupils desiring to attend Kempton.

The compromise permits students who live within the boundaries of Jamacha Blvd., Christiana St., Ruxton Ave., and Thayer St. to attend Kempton, as they had requested.

An area bounded by Jamacha Blvd. to the north and San Diego St. to the south would supply students to La Presa school unless there was room at Kempton. In that case, the parents could make a choice.

In addition to Dr. Padfield board members present were Dr. William McCandless and Victor Walton. Members Fred Jabusch and Hardy Kuykendahl were on vacation.

The estimated enrollment for the school's opening is 593.

Officers' School Enrolees Sought

Applications for enrollment of officers of all the armed Services, reserve or regular, on active or inactive duty, are being accepted for the current academic year at Naval Reserve Officers School 11-7, U. S. Naval Reserve Training Center, 4122 Orangewood Ave., Los Alamitos, Calif.

Four uniformed drills on a single weekend, beginning Sept. 25, make this training attractive to officers who must travel some distance to participate. NROS 11-7 serves all of the Eleventh Naval District, composed of Southern California, Southern Nevada, and Arizona.

Courses in the space sciences, oceanography, anti-submarine warfare techniques, military command responsibilities, public relations, and executive administration provide ample opportunity to sharpen civilian as well as military capabilities.

A faculty composed of recognized leaders in their fields, is augmented periodically by guest speakers of national note from military life, government, business, and industry.

Promotion and retirement points are awarded to Navy, Marine, and Coast Guard Reserves. All others receive those certificates of satisfactory course completion so important to promotion.

A ten-month academic year leaves the summer vacation period free of drill responsibility.

Accountants are hard people to satisfy when it comes to finding a fountain pen for them to use in their work. It took me two years to get a pen for one of our left handed accountants who wrote upside down and backwards; then, after he was satisfied, his wife used the pen to write on a wooden box she was expressing to her sister in Detroit. C of C Head Sees Cultural Explosion

"Our economy is somewhat more balanced than we give it credit for."

This is the statement of a man who ought to know—John Borchers, general manager of the San Diego Chamber of Commerce. Speaker at Friday's Men's Club meeting, he drew rapid verbal sketches of the San Diego economy, highlighting several features that, he said, are often overlooked.

Education, Borchers said, is an important current development. San Diego is growing fast as an education center.

"The University of California at San Diego, for instance, has created a new community of 100,000 people," he said, pointing out that this complex attracts research organizations.

A second current facet is the Port of San Diego. "The port is going to be an asset to San Diego to such an extent that none of us now can imagine," he declared.

Oceanography Promising

A third recently developing highlight is in the field of oceanography, he said, adding that the exploration of the sea is destined to become economically very important to the San Diego area.

Borchers rapped people who, he said, ask: "When are we going to get out of the doldrums? We are not in the doldrums!" he asserted.

San Diego's new "cultural explosion" already has brought back more jobs than the 45,000 that were lost when the air frame industries suffered drastic cutbacks in 1959, he said.

The Men's Club will not meet this week on Friday because of the holiday weekend. Meetings are open to any male and are held as a no-host luncheon at Michael's restaurant Fridays at noon.

Crime Notes . .

(continued)

Rear Wheels Stolen

Patrick A. McCarville, 7555 Pacific Ave., reported that the rear wheels of his 1957 Chevrolet were stolen from the car, and that an unsuccessful attempt had been made to remove the intake manifold, as well.

Engine Block Hijacked

James John Collins of 3096 Massachusetts Ave. lost an engine block and other engine parts to thieves, he reported to deputies. The lock on the garage door was cut or sawed, he said.

Tool Kit Missing

Lois McKenzie, 8102 Mazer St., reported to officers that a tool kit was stolen from her camper.

Dramatic Experience Offered To 'Seniors'

Dramatic experience will be offered senior adults of San Diego starting Sept. 7 when Actors Greenroom for men and women over 50 will be held each Tuesday at 10 a.m. in the Puppet Theater of Balboa Park.

Directing the activity will be Mrs. Helena Adelaide Gerard, a former student of the famous Maria Ouspenskaya. A minimum registration fee will be charged.

The drama training will be conducted in cooperation with the San Diego Recreation Department. Information on the program may be obtained from Evelyn Herrmann, Senior Activities Director for the Department.

C of C SEEKS INFORMATION

The Lemon Grove Chamber of Commerce will hold its monthly meeting at noon, Sept. 7, at El Morocco Restaurant, Broadway and Kempf. Vice President C. A. (Chuck) Buckles will be in charge in the absence of President Al Woods.

The Chamber released a report during the week that approximately 100 letters and several hundred telephone calls come to the Chamber office each month requesting information on homes and apartments for sale and rent; trailer parks and mobile home space availability; moving and landscaping firms, doctors, dentists, weather, schools, and recreation.

More information is needed from local people and firms in order to provide these answers, Helen Brown, chamber secretary-manager said.

This information may be given by phone at 469-9621, or it may be taken in person to the chamber offfice at 3448 Main St.

In the absence of any strictly local government the Chamber acts as liaison between the local public and various brances of government, Mrs. Brown added.

27% Of Retail Trade Dollar Goes Into Food

Almost 27 percent of the retail trade dollars which went into California cash registers in 1963 was spent on nourishment—groceries for home consumption and for snacks and meals eaten out.

Retail sales of women's and girl's clothing in the State were almost twice the amount spent on men's and boys' clothing.

More than 25 percent of the retail spending in 1963 was accounted for by automobiles and trucks plus the fuel and accessoreis to keeep them running.

These are among statistics which appear in a new report on the 1963 Census of Business (Retail Trade) just issued by the U. S. Department of Commerce's Bureau of the Census.

The report presents data on the number of establishments, sales and percentage of sales accounted for by specific merchandise lines for the entire Pacific States division consisting of Alaska, Hawaii, California, Oregon and Washington, for each standard metropolitan statistical area and for parts of the States outside those areas.

For each area the report presents data on sales of 25 separate classes of items in over 100 different kinds of retail establishments, making it possible to check on sales of various merchandise lines and the percentage which those lines account for in total sales of various retail establishments.

Food Management Program

The Food Service Management program at Grossmont College, beginning this fall semester, is the first and only of its kind offered at any of the five San Diego County community colleges.

Graduates of the two-year program, designed to train students as managers of service operations, will receive an associate of science degree.

Family Pools Effort Here; Starts Pool Supply Firm

John Gray, a long-time swim pool contractor, has opened a family-operated swimming pool supply firm in Lemon Grove.

S.V. Chamber Has A 'No Meeting'

(Continued)

social activities. Allen made an impassioned plea for teen-age dances. He said:

"Young people have no place to dance. There is no place they can dance because all the places that have dancing serve liquor. They are desparate for a place to dance. That is why we get these outside teen-agers from as far away at Escondido and Oceanside coming to these dances and trying to crash them."

Allen made it clear, however, that his committee favored having some community group other the Chamber take charge of the dances, as well as own the entire Chamber property. He reported that his committee, meeting earlier the same day, had come up with six alternative means of disposing of the Chamber property. They are:

Alternatives Told

(1) Turn the property over to the Historical Society; (2) Turn the property over to Spring Valley Welfare, Inc.; (3) Sell it to an individual who would make a memorial park and/or recreation center of it; (4) Sell the property to any buyer and use the proceeds to operate the chamber; (5) Change the name of the present Spring Valley Chamber of Commerce and all resign, leaving the property in the name of the new organization; and (6) Extend the present Spring Valley recreation group and turn the property over for their use.

Allen had met Thursday of the week before with a group of "home owner" members of the chamber, most of whom have been active in the Spring Valley Historical Society. Possible means for the society to take over the property were discussed. No action was taken, but those present agreed to explore the possibilities at a meeting of the society scheduled this week on Wednesday evening.

Social Security Question Box

By Guy Deeks

If you have any questions about your social security, send them to the Editor, P. O. Box 127, Lemon Grove, Calif. Your question will be answered by personal letter and your name will not appear in this column.

QUESTION:
The recent Social Security Act Amendments extend children's benefits to students 18 to 22 years old. When are children eligible for social security benefits?

ANSWER:
Monthly benefits are payable to dependent children of workers who are entitled to Old Age Insurance or Disability Insurance benefits under Social Security or to children of workers who have died.

QUESTION:
When are these benefits payable for children over 18 years of age?

ANSWER:
Before the 1965 amendments, children's benefits were payable for months in which a child was 18 or over only if he was disabled. Now a child can be paid while he is a "full-time student" under 22 years of age.

QUESTION:
What kinds of schools are included

ANSWER:

dance as we do. But we have higher morals than many girls who don't dance go-go," she said.

She ordered another highball.

For example, I wouldn't appear in public with my breasts absolutely bare," she stated emphatically. "My husband wouldn't approve of it."

Her husband, she revealed, is employed by the State of California in the field of engineering. The couple have three fine children.

"How does your husband react to your go-go dancing?"

"He likes it," she answered. "Several nights a week after the children are put to bed he comes over to the Bar of Music where I dance at night just to watch. He applauds my dances louder than the other customers," she added proudly.

'Vacation' Was Truce Offer

The French, who are viewing the world situation with a jaundiced no-nonsense eye, can be believed when they said that there was more to Averell Harriman's recent Moscow visit than was reported.

The Ambassador-at-Large visited Moscow amid a great number of news releases from the State Department calling the trip a "vacation." Their usual procedure is to play down vacations. The announcement aroused suspicion among newsmen—so they investigated.

Reporters for a French newsletter reported that Harriman carried a White House offer to Soviet leaders aimed at ending the war in Viet Nam.

According to the newsletter, the deal was to provide Russia with a credit of $1 billion in exchange for the neutralization of both North and South Viet Nam. Guarantees would be decided jointly by Washington and Moscow and each zone would keep its regime.

The deal was rejected by the Communists, it was reported.

Our State Department reiterated its original statement that Harriman was in Moscow "on vacation" when reporters asked about the Soviet turndown. The newsletter not only reported that $1 billion was offered for closing the deal but other offers were made.

According to the report Soviets were promised:

Settlement of the American-Soviet dispute on Stalin war debts contracted under "lend lease."

Liquidation of the "legal complications developed by the State Department on financial problems."

Consideration at the Geneva Disarmament Conference of the Soviet wish for a reduction in U. S. traditional forces.

A stricter application by the U. S. of the Berlin "status quo."

Authorization of the Soviet airline "Aeroflot" to use New York as a terminal.

USSR participation in the "Asiatic Development Bank."

The Soviets refused Harriman's offer for several reasons, according to the French:

- The U. S. made the mistake of thinking Russia would react to the offer of dollars like the governments of most underdeveloped countries.
- **Moscow is incapable of imposing on the government of North Viet Nam or the Viet Cong of South Viet Nam the consolidation of situations produced by the Geneva Agreements of 1964.**
- Confrontation between Russia and Red China over which shall lead the Communist world is so important that the USSR cannot risk loss of any kind in Viet Nam.

The French report adds that the Administration wants to get out of the Viet Nam mess so badly that it is willing to try anything.

Quotable Quotes

"If things are as bad as painted by the architects of the 'Great Society,' why are we providing: $9.9 millions for a noodle factory in Korea, $683,000 to improve Chinese fishing, $600,000 for 'Lovable de Mexico, S. A.,' a ladies apparel firm?"—Rep. Samuel L. Devine of Ohio.

"Members of the Job Corps are now being treated in the Veterans Administration hospitals, which make it increasingly difficult for veterans to get accommodations in those hospitals. If this policy is followed in the Peace Corps, the Teachers' Corps, and the Corps of Enlistees in the Army, who do not qualify for full admission into the Army, then we will have to start building new veterans' hospitals instead of eliminating those which the President suggested should be eliminated."—Rep. J. Arthur Younger of California.

Dr. William C. Rust, president of California Western, pointed out that Project Amigos and Casa de Todas are nonprofit charitable organizations that are working in a humanitarian way with people in Tijuana to aid them in areas of health and education.

"It is also fitting that the game represents an international meeting of the universities from the two countries," the CW president said.

In order that Project Amigos and Casa de Todas may receive maximum benefit possible, Cal. Western is paying all games expenses from its share of the proceeds (one-third). If the University's share exceeds the game expense, that money will be put in a scholarship fund.

The contest with U. of Mexico will open a nine-game campaign for the Westerners, who also meet Occidental, Chico State, and San Diego State in Balboa Stadium. Away games are with Whittier, U. of Hawaii, Cal Poly (SLO) U. of California at Santa Barbara, and Cal State at Los Angeles.

The Westerners begin practice Sept. 1, with 23 lettermen numbered among the 50 candidates expected to take part in pre-season drills.

3 Days Of Races Set At El Cajon

Leading off the big 3-day racing week-end at El Cajon Speedway's ⅜-mile oval will be Friday night motorcycle races. The 12-event program will feature the fastest bikes and the best riders on the west coast.

Racing in both the Open or "big cycles" and the light weight classes provide two main events on the ½ mile T. T. course.

Saturday night the Super Stocks will take over the track at El Cajon, with a full program of racing and a special men's and women's destruction derby. This will be the first program of its kind for the San Diego area.

The Modified Sportsmen of the San Diego Racing Association will provide the action in a special Labor Day racing program on Monday night at 8.

The feature race will be a 75 lap main event along with a 25-lap semi-main running 20 cars in each race. The fastest cars in the west have added two extra events for the holiday program with a Unicycle race and a novelty milk-drinking and racing contest.

Swim Program Aids 61 Children

There were 61 children who benefited from the Red Cross Backyard Swim Program sponsored by the Spring Valley Elementary School PTA, Mrs. Darrel Basta, health and welfare chairman, announced.

The Red-Cross-trained instructors who taught the children water safety and good swimming practices were Mrs. James Whittaker, Mrs. Merrill Sawyers, Mrs. Glen Klein, and Mrs. Kenneth Butterfield.

Mrs. Calvin Glenn and Mrs. Cary Carpenter of La Mesa donated the use of their pools.

Objective of the program is to teach children to enjoy the water safely and to give them confidence. Certificates will be issued to those children who passed the necessary requirements.

Has Winning Exhibit

A. L. Anderson of Lemon Grove was the winner of the special feature exhibit class at the Farmers Fair of Riverside County at Hemet, which ended Sunday.

Two S.D. Transit Bills Helpful, Says Donovan

Assemblyman Richard J. Donovan of this District, vice chairman of the Assembly transportation and commerce committee, announced that a meeting of this committee has been scheduled for San Diego, Jan. 12 and 13 for the purpose of reviewing transit district legislation and rapid mass transit for San Diego County in general. The exact meeting place will be announced after arrangements have been made.

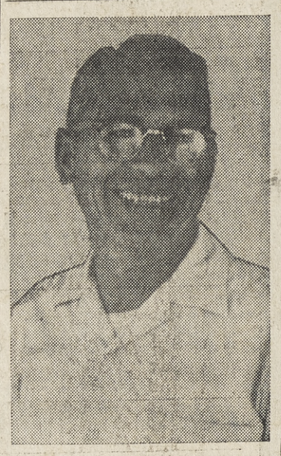
Donovan said: "As a result of having had two San Diego County transit measures introduced during the last session of the legislature, we are in the enviable position of having had the Schrade-Mills bill enacted while still having my transit bill available for interim study to bring the subject matter of transit within the scope of the committee's activities."

Organization Meeting

At the organization meeting of the transportation committee, held last week at Meyers, Calif., this meeting was scheduled along with all of the other meetings of the committee for the interim period up to the beginning of the budget session of 1966, to start on Feb. 7. During the governor's hearing on the Schrade-Mills bill held in July at the San Diego State building, Assemblyman Mills specifically requested that a San Diego hearing of the committee be held in order to work up committee recommendations for changes and additions to the Schrade-Mills bill.

Local attorneys had raised numerous questions as to the legality and effect of several provisions of the act, and it was felt that subsequent hearings would give all a chance to present recommendations for changes, possibly to be introduced in the 1966 special session if the governor puts the subject of San Diego transit on call at that time.

In this way, the act could be amended before and anticipated vote on creating a San Diego Transit District some time in 1966.



DALE WILHELMI

S.V. Post Office Retires 1st Carrier

Dale Wilhelmi of 1200 Grand Ave., Spring, retired recently from the Spring Valley Post Office—earning the additional distinction of being the first person to retire from the new Post Office on Sweetwater Rd.

A mounted carrier, Wilhelmi served for about seven years with the Spring Valley PO. He put in a little better than 32 years with the Post Office Department, retiring at the age of 55.

"You have to have 30 years before retiring, but you also have to be 55 years old," he explained.

Wilhelmi and wife Lenora are planning a three-month trip, which will include a visit to relatives in Iowa. The Wilhelmis have two daughters, Mrs. Sally Boyer and Mrs. Larrie Waterman, both of National City, and three grandchildren.

"After that? Well I'm going to do something. I haven't decided what yet. I don't believe in just sitting around."

Sounds like a reasonable feeling for a man who has spent 32 years "making the appointed rounds," doesn't it?

Sups. Falter On Go-Go Halter

SAN DIEGO (CNA)—County Supervisors Tuesday faltered on a proposed law to halter go-go girls because of the advice given to them by Deputy County Counsel Leland Featherman.

The ordinance would have attempted to make it illegal for a woman to appear in public as a waitress or entertainer with her breasts totally exposed whether or not the nipples were covered or were covered only by a transparent covering.

Featherman's opinion was that the law itself would be unenforceable because the state law concerning sexual behavior have taken precedence over local laws. He said that he knows of no convictions of go-go girls and that this county's effort would be in vain.

Supervisor De Graff Austin moved for the adoption of the ordinance anyway. His motion lost for the lack of a second. Austin said that the law would do no harm and that it might do some good.

Supervisor Henry Boney said the only result would be to give more publicity to go-go establishments.

Featherman said that none of the county's cities have laws covering the go-go situation. A proposed state law on the matter failed to pass in the last session of the legislature and has been referred to interim study.

SACRAMENTO—The California Department of Agriculture warned the State's cattle industry this week that infestations of cattle scabies may be spreading throughout the State and called upon practicing veterinarians and cattlemen to inspect cattle for the disease.

Tickets Go On Sale For Gigliotti Banquet

Tickets went on sale this week for the Lemon Grove Kiwanis Club banquet honoring Dr. Frank Gigliotti.

The banquet will be held Oct. 2 at 7 p.m. at the Balboa Park. County Clerk R. B. (Bud) James will be master of ceremonies. Sam Pernicano will cater the dinner.

Dr. Gigliotti, whose doctorate is in divinity, is a longtime member of the Lemon Grove club. He has been associated with Presidents Coolidge, Wilson, Harding, Hoover, Roosevelt, Truman, and Eisenhower. The theme of the affair is "Dr. Frank B. Gigliotti, Freedom Fighter."

Many county, state, and national dignitaries have been invited to participate. Tickets may be obtained for $3.50 from members of the Kiwanis Club or at the office of this new paper, 7834 Lester Ave., Lemon Grove.

Ray Graham, former publisher and editor of the Lemon Grove Review will be an honored guest at the banquet.

General chairmen of the event are Dr. Robert Swenson and Ed Purtzer. In charge of the program are Stanley Rogers, the Rev. Jimmy Johnson, Max Goodwin, and Ralph Hastings.

An essay contest on the subject, "My Dream for America," will be conducted prior to the banquet, and awards will be made to school youngsters who will have been judged winners. Lemon Grove Elementary School Superintendent Byron Netzley is in charge of the contest.

Mrs. Praxel In Charge Of BoA Operations

Mrs. Beverly E. Prexel is the new assistant cashier in charge of the operations department at Bank of America's Sweetwater-Jamacha branch in Spring Valley.

The announcement was made this week by D. D. Erickson, branch manager. Mrs. Prexel succeeds Dallas Schwartz, who has been named to the operations department at the Escondido branch.

Mrs. Prexel has been in charge of the operations department at the Fifth and Market branch in San Diego for the past year, and prior to that was at the University-Highland branch.

She joined the bank in 1951 in San Diego and was promoted to assistant cashier last year.

She and her husband Karl and their daughter Suzanne live at 4480 70th St., La Mesa.

A pool-side reception will be held in the couple's honor Friday at the home of the parents of the bridegroom.

Letter To The Editor

August 17, 1965

Dear Editor:

We would like to thank you for your good coverage in the newspaper of the expansion of our moving and storage facilities, and introducing our new location to our business neighbors.

Among those to whom we have had the privilege of extending our services, we have found that one of the most outstanding attractions of those establishing their homes here, is the beauty and atmosphere of the countryside. As the name "Spring Valley suggests a place of beauty, the palm trees and hills testify to that fact. Because of its natural beauty and climate, this has become one of the fastest-growing areas in the county.

We are happy to represent Spring Valley as a moving company, and hope to aid in the growth of the area to the benefit of the many business people and residents.

Yours truly,
VAN DYK MOVING AND STORAGE CO.

S.V. Men Complete C.D. Instruction

Six Spring Valley men were among 19 who completed instruction in basic light duty rescue techniques at the County Civil Defense Center recently, William B. Marty, administrative officer for civil defense announced.

Included in the techniques taught were the use or rope and rope typing; use of various types of stretchers including the use of a ladder as a stretcher; the various ways to carry injured persons; the car and use of ladders and many methods of rendering first aid and casualty handling.

Mosquitoes Found Breeding In Many Private Swim Pools

The San Diego Department of Public Health has reported that in the past two months, complaints of mosquitoes have led to the discovery of mosquito breeding in about 50 swimming pools on vacated property.

Dr. J. B. Askew, director of public health, said most of the problem pools on vacated property have been in metropolitan San Diego, but that mosquitoes have also been breeding in swimming pools in El Cajon, La Mesa, Cardiff, and the northern part of the county.

"In most cases," Dr. Askew said, "the mosquito breeding in swimming pools has been extensive. Our mosquito control men have reported finding the pools alive with mosquito larvae and pupae.

"Our Mosquito Control Service has corrected the situation in those pools that have come to our attention but the public can help by notifying our Division of Sanitation of swimming pools on property that has been vacated. This can be done by calling 239-7711, Ext. 611."

Advice On Care

Swimming pool owners who plan to be away on vacation can prevent mosquito breeding in their pools by keeping the chlorinator and filter going. In pools that are not equipped with skimmers or filters, mosquito breeding can be controlled by draining the pool dry every five days. If pool owners plan to be away for extended periods of time and if their pools are of a design that makes draining them inadvisable, Dr. Askew advised stocking them with the small mosquito-eating fish. The fish are available free of charge from the San Diego Department of Public Health Mosquito Control Service, located at the County Operations Center, 5555 Overland Ave., San Diego.

"These fish are so small that it is easy to clear a swimming pool of them when the pool is to be used again for swimming," Dr. Askew said.

He also advised persons with ornamental pools or any body of standing water on their property to stock the pools or ponds with the mosquito-eating Gambusia fish.

The Mosquito Control Service conducts a year-round mosquito surveillance and control program of mosquito breeding source reduction and larviciding on public lands.

Dr. Askew said the cooperation of all residents is important in mosquito control on private property.
